UPF Rating:

EXCELLENT

50+

Stencil Cool Dry® products were introduced into the Australian market in 2002. The fabric we select is a high quality yarn, treated to give it a long-lasting cool dry effect. It has a very soft and silky texture and is manufactured using the latest technology. Cool Dry® is a registered trade mark.

The very latest in active comfort technology, DryMax performs like no fabric before. With high-throughput active wicking to pull heat and sweat away from the skin for rapid evaporation out of the fabric, DryMax garments are ideal for sports and high-pressure work environments alike.
