

SOCIAL RESPONSIBILITY

1. ETHICAL SOURCING

2. CARBON FOOTPRINT

3. AFTERLIFE

1. **ETHICAL SOURCING**

Printec aims to increase use of innovative and sustainable materials such as Sorona, Coffee Grounds and Recycled Plastics to produce soft, functional and quality garments designed with consideration and concern for the environment.

2. CARBON FOOTPRINT

Sustainable raw materials do not require the same volumes of water or pesticides, if any, as cotton and require 30% less energy to produce.

3. THE AFTERLIFE

By choosing better quality and bio degradable apparel, you are contributing to the reduction of landfill as it has a longer useful life.

**"SUSTAINABLE
APPAREL IS NOT A
TREND BUT THE
FUTURE."**
