**UPF Rating:**  
VERY GOOD

Stencil Cool Dry® products were introduced into the Australian market in 2002. The fabric we select is a high quality yarn, treated to give it a long-lasting cool dry effect. It has a very soft and silky texture and is manufactured using the latest technology. Cool Dry® is a registered trade mark.

The next generation of Cool Dry®, Ice-Cool takes comfort to a new level. Specifically designed to draw heat away from the wearer, Ice-Cool's unmatched moisture wicking and anti-bacterial qualities mean your polo will stay fresher longer, no matter what you're doing.
